**To Whom It May Concern**

Dear Sir/Madam,

**RE: RECOMMENDATION LETTER FOR ANN MAGDALENA LUCAS**

Refer to the above heading.

I am very pleased to write this recommendation letter in respect of AnnMagdalena Lucas for the master's degree Admission at your Institution. Ms. AnnMagdalena Lucas is my student at Mzumbe University and started her studies in 2021 pursuing a bachelor's degree in production and Operations Management. The program is designed to provide a student with an appreciation of Production and Operation Management as a whole and management environment from designing and controlling, all the way through the managing aspects and human-resource management, to the development of technology for application to new products, processes and services. Graduates of this degree are well equipped with both production and operational management skills that give them a broad problem-solving ability in an organization.

As a lecturer, I am pleased that Annmagdalena Lucas is applying for consideration for master's degree Admission at your Institution. I do not doubt that she has the skills, focus, and determination to successfully complete a master's degree in time. AnnMagdalena is also representing a group of young female students in Tanzania who are holding leadership positions (*the Student Vice President*) at the same she is a member of the University Industrial Advisory Committee (IAC). Generally, Annmagdalena is a very hardworking, intelligent, and responsible person with the passion to learn and explore different opportunities. Therefore, I recommend her without reservation.

For more information regarding this issue please communicate with me at email address: [akmusabila@mzumbe.ac.tz](mailto:akmusabila@mzumbe.ac.tz) or via my phone number +255 767 476 318

Dr. Albogast K. Musabila  
**Lecturer - SoB**
