RECOMMENDATION FOR SCHOLARSHIP APPLICATION

Dear Ambassador,

I write this letter to recommend Mr. Muhammad Aminu Yahaya, a Master's degree in Public Administration student who was under my supervision here in Universiti Malaya. I had the privilege of supervising him from 2017 to 2019, during which I observed his intellectual curiosity, research capability, and outstanding commitment to academic excellence. Notably, his command of the English language, both written and oral allows him to effectively communicate his ideas with depth and clarity.

Just as he has provided great contributions to the academic world through authoring five articles in refereed journals and co-authoring thirteen more in reputable academic journals, I am confident that he will make novel contributions to your academic community. Thus, I have great faith in recommending Mr. Muhammad Aminu Yahaya as an excellent candidate for admission, scholarship, grants, and any other academic or financial support from your institution.

Thank you for your kind consideration.

Yours sincerely,

To whom it may concern,

Letter of Recommendation in Respect of Muhammad Aminu Yahaya

I write to testify, on behalf of the above mentioned person that, I have known him for more than fifteen years as my student in his undergraduate and currently as a colleague in research undertakings. During my official and personal relationship with him which is still ongoing, he proves to be a brilliant, hardworking, obedient and loyal fellow who is always willing to learn. His desire for success and penchant for learning made him one of the outstanding fellows among the rare students I came across for many years. He is good for teamwork, learn quickly and undertake all responsibilities assigned to him with diligence and dedication.

He has undertaken undergraduate and post-graduate researches timely and excellently. Currently, he is undertaking useful and rigorous researches in various fields of Nigerian political and socio-economic issues. He has improved to the level of expectation and he seems to me, fit for carrying out a PhD programme.

I will not hesitate to recommend him for any assistance, scholarship and responsibility you may wish to offer him as I have confidence in him and I believe you will find him worthy of such undertakings at all time. For any additional information on him, I am ready anytime to offer them as may be required either officially or confidentially.
