### PROFILE

A dynamic and forward-thinking individual with a strong academic foundation and a passion for international trade and economics. My journey from Queen Amina Primary and Secondary School to pursuing a Bachelor's Degree in International Economy and Trade reflects my dedication to personal and professional growth. With a background in computer science and a deep interest in global markets, trade policies, and economic strategies, I am eager to leverage my skills to drive innovation and make a meaningful impact in the world of international business and trade.

---
