Request to Opt Out - Upholding Privacy & Legal Requirements for Online Protection

Hello,

I hope this email finds you well. At SocialCatfish, we recognize the importance of privacy and consider it both a priority and an obligation to allow individuals to protect themselves online. We understand that your company has been sending multiple requests to our website to opt-out users from our platform, and we want to work with you to address the legitimate concerns of those who may want or need to remove their public information from our website.

It has come to our attention that your company may be in violation of our Terms of Service, which can be found here. In order to ensure compliance with our terms and protect the integrity of our platform, we have temporarily blocked your access to our website. We take these matters seriously, as our primary goal is to maintain a safe, secure, and privacy-conscious environment for all parties involved.

We understand that companies like yours may need access to our platform to assist users in managing their online presence while safeguarding their privacy. We offer a whitelist for authorized third parties. To be considered for this whitelist, you may apply by completing the following form here.

We are dedicated to resolving this issue with your cooperation, and we kindly request that you respect our legal obligations and the terms outlined in our service agreement. If you have any questions or concerns, please do not hesitate to reach out to us at the email address provided above.

Thank you for your understanding, and we look forward to working with you in a manner that respects the rights, privacy, and security of all parties involved.

If you have any additional questions, you can email us 24/7 at welcome@socialcatfish.com, chat with us weekdays 9 AM to 5 PM PST via your dashboard, or call us Monday to Friday 9 AM to 5 PM PST at **844-422-8347**.

Sincerely,
The Social Catfish Team
