

ALIKO DANGOTE UNIVERSITY OF SCIENCE AND TECHNOLOGY, WUDIL
DEPARTMENT OF PHYSICS
FACULTY OF SCIENCE

**Office of the Head of Department
(PHYSICS)**

Vice-Chancellor: Prof. Musa Tukur Yakasai, B.Sc., (UDUS) MBA (BUK), PhD Agric. Econs. (ATBU) MAESON, MFAMAN, MNAAE, MESN, MNIM, FCFA, FILT

Head of Department: Dr. Rabi Imam Sabitu, B.Sc., M.Sc., (BUK), PhD Electrical & Electronics Eng. (Nottingham) MNIP, MOPTICA(OA), MIEEE, MIEEE ComSoc, MSPIE: +2348029076905; physics@kustwudil.edu.ng

28th November, 2023.

To Whom It May Concern,

Sir/Ma,

Recommendation in Respect of Muhammad Junaid Sani

It gives me great pleasure to recommend Muhammad Junaid Sani for a program that he is willing to participate in. As a Senior Lecturer at the Department of Physics, Aliko Dangote University of Science and Technology (formerly Kano University of Science and Technology, Wudil), Nigeria, I am Rabi Imam Sabitu, a Ph.D. holder in optical fiber communication.

I had the pleasure of working with Muhammad Junaid Sani for four years while he was a student in three of my courses. Of all the undergraduate students I've worked with, he is among the most intellectually curious and enthusiastic. I can confidently attest to his exceptional skills, professionalism, and work ethic. Given his impressive academic track record (CGPA of 3.56) in Bachelor of Science Physics, I believe that he would be a valuable asset to your organization.

He demonstrated during our time together that he was intelligent, curious, and focused on his studies. His ability to collaborate and demonstrate with other students was very outstanding.

Without a doubt, I believe he would be a perfect match for the program. He is an incredibly passionate and creative person.

Please feel free to contact us at physics@kustwudil.edu.ng or +2348029076905 if you have any queries or would like us to go into additional detail about the skills and achievements of Muhammad Junaid Sani.

Sincerely

Rabi Imam Sabitu, PhD
(HOD Physics)
